EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Powers on 1/4/08.

The application has been amended as follows:

In the claims:

In claim 1, line 4, please delete "or grey hair".

The following is an examiner's statement of reasons for allowance: the closest prior art reference of Montes (US 4,985,443) does not teach or suggest, alone or in combination, the instantly claimed method of treating vitiligo. Montes teaches away from the instant invention by disclosing intramuscular administration of 1mg of Vitamin B12 per month as opposed to the oral administration of about 0.007 to 500 mg/day of vitamin B12. Montes is also silent on the addition of copper, zinc and pantothenic acid in the method of treating Vitiligo.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
